**Retraction to:** *Journal of Solution Chemistry* (2025) 54:754–776  
<https://doi.org/10.1007/s10953-025-01446-3>

The Editors have retracted this article. Concerns were raised regarding the authorship of this article and ownership of the data reported. Independent assessment confirmed that the concerns are valid and that the explanation provided by authors were insufficient to uphold the ownership of the data reported. As a result, the Editors have lost confidence in the integrity of the article.

Omprakash Patle agrees with the retraction. The other authors haven't responded to publisher's communication.

**Publisher's Note** Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
